BEST **GOOD** **FAIR** **NP = NOT PROVIDED** **POST-PLANT = MONTH // REI = HOURS // PHI = DAYS**

NOTES: 0 months refers to nonbearing trees and vines. For trees under 3 years of age. Use tree protectors until trunks have mature, calloused brown bark and avoid contact with green bark, stems, foliage or fruit as injury can occur. Spray should always be directed at the base of the plant. For grapes established less than 2 years, do not apply herbicide unless they are trellised at least 3 feet from the soil surface or are protected from spray contact by non-porous wrap, grow tubes or waxed containers as injury can occur.

*Allow a minimum of 3 days between application of this product and transplanting

**48 months for vineyards in NY and PA
